

HAWAII

GRADE & CONDITION: Three categories are employed for **unused** and three for **used**. "F-VF" is for fine and better centered material with perfs well clear of the design. The second category is "AVE-F" for average to fine and the perforations may touch the design in this category. "S/D" is for stamps with small defects or repairs but of a generally fine appearance. All unused average-fine and fine-very fine stamps will have original gum and are usually lightly hinged. Those designated with "nh" before the price are never hinged, "ng" indicates no gum.
